**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I used have DSL with AT&T, to run my small business and for my personal home network but switched to a broadband fiber network with SONIC 4 or 5 years ago. Sonic provides excellent service at competitive prices and my hope to "keep a free & open internet" aka Net Neutrality is a central tenant of the philosophy of this company, located in Santa Rosa, California.

But really I switched because the Big Telcoms are greedy and using their might to shutdown smaller competitors -- probably so they can then raise their ISP price for services, across the board. After the crash of 2008, I switched my money from the Big Banks to local credit unions and other financial institutions where I knew they were reinvesting in my local communities. Why not?

Please, this is the Untied States. Stand up to those Fat Cat bullies with values that do not align with "the land of the free (to choose) and home of the brave (us!).

Thank you for your consideration.

We are all doing our part.

Vicki Olds
